PRESIDENT'S MESSAGE

Ar. Neeta Dhoot
President
MPF Pune West
2023-2024

Our mantra of success for this year is CCC, which stands for Connect, Collaborate, and Celebrate!

CONNECT: Connections matter. Har ek connection zaruri hota hai! Strong ties with family, friends, and the community provide us with happiness, security, support, and a sense of purpose. We will strive to create ample occasions for our members to connect with other members, their families, and help create strong relations among them.

COLLABORATION: Collaboration opens us to a new world of creative interactions, exchange of ideas, out-of-the-box thinking, innovations, experiments, new methods, and most importantly, personal growth! We will have our focus on growing our members through collaborative programs.

CELEBRATE: Life is about celebrations. Celebrations create opportunities for fun, amusement, entertainment, recreation, and bonding. We will make this year a year of celebrations with family, friends, and, of course, with yourself too.

"If you talk about it, it's a dream; if you envision it, it's possible, but if you schedule it, it's real..."

This year, the PR team is planned to send a brief introduction of members along with a birthday flyer. A series called "Know Your Member" will be initiated. They are taking efforts to make your connections easy. You also need to step and read it to know it so that when you meet next time, your conversation doesn't stop at "hi" and "bye."

Our IT team is set to start informal business meets with the sole purpose of getting to know each other professionally. I'm sure it will definitely open the door to collaboration.

Lastly, this year we have planned to celebrate our festivals through different events! Celebrate every success of members! Celebrate every achievement! We also have planned monthly anniversary celebrations for anniversary couples, with a small treat and lots of fun and chitchat to cherish and cheerish.

DIRECTOR'S MESSAGE

Ar. Abhishek Badale
Director- Digital and
Referral Connect
MPF Pune West
2023-2024

We have some exciting initiatives lined up, including informal business meets and collaboration opportunities, aimed at fostering meaningful connections among our members.

Our primary goal is to provide a platform where individuals, organizations, and change-makers can come together to share ideas, collaborate, and drive positive social change. To achieve this, we will be organizing informal business meets throughout the year, creating a space for networking and building partnerships.

These informal business meets will offer a relaxed setting where members can engage in open discussions, exchange insights, and explore potential collaboration opportunities. We believe that by fostering a supportive environment for networking and relationship building, we can enhance the impact of our collective efforts.

In addition to the business meets, we will also be leveraging our digital platforms and referral connect initiatives to facilitate ongoing collaboration among our members. Our digital channels will serve as a space where members can share resources, seek advice, and connect with like-minded individuals working towards similar goals.

We are confident that these planned activities will provide ample opportunities for you to connect with fellow members, share your expertise, and explore potential collaborations that can lead to innovative solutions for societal challenges.

Together, let us create a thriving community that fosters collaboration and amplifies our collective impact.

10. VIDHARBHA MAHESHWARI ASSOCIATION

Vidarbha Maheshwari Association

We are delighted to share that VMA (Vidarbha Maheshwari Association) has been actively involved in promoting social and family activities for over 20 years. Our organization aims to create a sense of belonging and a home away from home for our members. Many families have migrated to Pune in search of education, job opportunities, or a better future for their children, leaving behind the familiar socialization and bonds of friendship from their hometowns. However, VMA strives to fill this void by fostering a strong sense of community and camaraderie among Vidharbian families.

As an integral part of the larger Maheshwari community, VMA actively participates in various Maheshwari groups and initiatives. We organize four or more family-oriented events throughout the year, providing a common platform for our members to expand their social connections and strengthen relationships. Currently, we have over 120 paid members, and our network extends to more than 250 families from Vidarbha who have settled in Pune.

One of our recent noteworthy accomplishments was the highly successful Musical Sunderkand program held in April 2023. This event witnessed the enthusiastic participation of over 1500 Maheshwari members, making it one of the largest programs of its kind in Pune. It showcased the unity and vibrancy of our community.

For further details or inquiries, please feel free to reach out to any of our dedicated committee members. We look forward to welcoming you into our warm and vibrant VMA family.
